Remarks :

The sparring competition is a competition with **direct elimination** (KO System) !
So the winner goes to the next round and the loser has to quit the competition.

In every category there have to be **3 competitors at least !** So one competitor is free in the first round.

Example : 3 competitors A, B & C

First round : A vs B : B wins C : free

Final (2nd fight) : B vs C

When there are only two competitors (or one) in one category, this category can be combined with the category higher or lower depending on the total amount of competitors in this category.
